The movement also affirmed that giving women greater access to resources would contribute to an equitable and efficient development process. Wives are economic assets to a man, as they can free him from subsistence activity, enabling him to pursue the public and ceremonial affairs that bring him power and prestige in the community.

Until recently, most of our history of this region was androcentric. This was Buvinic, Mayra and Nadia Youssef. Write a short history of its emergence and analyze its interpretation of the term women and development. Stockholm:IDEA. Bearing in mind the perspective that gender matters in development, we can go on to reexamine and redefine other development concerns and objectives.
