At one stage, the class reaches a consensus and seems quite content until I ask them what would make them change their mind, which sets them off again thinking about what evidence would be needed. Thank you once. Received May 11; Accepted Jun ThinkingthroughtheCurriculum.YourNamerequired. International Journal of Science Education. Children may be given information in advance of the enquiry, or asked to revise or research the scientific content under question.

Cambridge:CambridgeUniversityPress;Feel-BadEducation.It was therefore necessary to design a strategy that harnessed the strengths of P4C but that also addressed the need for teaching and learning about scientific concepts. Leanne 18 April at pm Reply.
