He had been Branch Line: The Signaller on the line, looking intently at something, and failed to get out of the way. His labour consists of a dull monotonous routine, but the signaller feels he deserves nothing better, as he wasted his academic opportunities when he was young, although he has been spending his time during his shifts teaching himself mathematics and learning a foreign language albeit with questionable pronunciation. Skip to main content. As the engine came out of the tunnel, his back was toward her, and she cut him. Within six hours, however, a horrible accident occurred and the dead and the wounded were brought over to the spot where the figure had stood. The narrator is sceptical about the supernatural, and he suggests that the signaller is suffering from hallucinations. Three times, he receives phantom warnings of danger when his bell rings in a fashion that only he can hear. Controllailcarrello. Violently waved. Guy de Maupassant.
