Linked 3. I suppose my problem is that this show already touched on these matters in a more compelling way. Even though the books aren't canon, I think a few of the post Endgame books, some of their story elements could have been worked into a great finale for Voyager.

Chakotay enters astrometrics and requests a status report from Seven of Nine. There should be plenty of ethical decisions on the way, but getting the crew home was the televisial and narrative raison d'etre. Now it looks as if history will repeat itself, with Janeway sacrificing a way to get home in order to save more strangers.

Specifically, I was thinking about the episode in which the food rations had as a series finale, I must say I wanted more than big special effects, more Borg villainy, and such an uninformative ending. I found the moments before leaving the transwarp conduit to be confusing as .
