The ambitious volume *The Concept of Race and Psychotherapy* probes these questions, compelling readers to look differently at their clients and themselves and offering a practical framework for more effective therapy. In the United States, many psychologists, with their individualistic perspective, have difficulty in grasping what a cultural perspective might be. Cultural psychologists Cole, are relatively new and not very numerous.

Both survivors are made to feel shame over allowing themselves to be victimized. People of color have every right to distrust therapists to this day because of it. *Collected Works Vol 18* Kimbles, S. *British Journal of Psychotherapy* pp Between the two races are a number of types, made up of people considered neither blanc nor noir.
