If you want to download this book, click link in the last page 7. Thanks for the help! I tend to use flash to supplement natural light whenever possible, and to try and correct the lighting where necessary. Thanksforthehelp! Kelby really does write like you're standing next to you, and while that might sometimes be off-putting depending on whether you 'get' his sense of humourthere's no denying that these tricks really work, whether you're a beginner or an experienced photographer. Feel free to leave them in the comments section . Readonforpotentialsolutions.And keep the Pen tips coming!
