Some of the damage left by the disease remains: an occasional weakness in my leg and other minor traces. One of the major areas that is affected is the white matter of the brain and spinal cord which is mostly myelin 1. Life expectancy is 5 – 10 years less than the normal population.

Henoticedthechangeinmyresponseandsmiledreassuringly.ThankstoDr. Now I stiffened, feeling trapped instead of comforted. Throughout the long hours we spent together, I have valued her keen intelligence, cynical New York humor, and innate ability to see clearly what I wanted to present and make it happen. What does an expert in alternative medicine do when she gets seriously ill? Stephaniemarkeditasto-readSep26,Notes Includes bibliographical references p.
